### PLANK & PLINT

HERA BOARD PLANK & PLINT are used for interior applications not exposed to weather siding and baseboards (plint), such as wall ceiling, wall decoration. Profile options are HERA SEDA, HERA CHANFRO, HERA MAHONI, HERA ROSHA and HERA DEKO.

### HERA SENEPA

Size (mm) T x W x L	Weight (kg)
8 x 100 x 2440 mm	3.4
8 x 200 x 2440 / 3000 / 4000 mm	6.8
8 x 300 x 2440 / 3000 / 4000 mm	8.4

### HERA CHANFRO

Size (mm) T x W x L	Weight (kg)
9 x 75 x 2440 mm	2.8
9 x 100 x 2440 mm	3.8
9 x 200 x 2440 mm	7.5
9 x 300 x 2440 mm	11.3

### HERA MAHONI

Size (mm) T x W x L	Weight (kg)
8 x 100 x 3000 mm	3
8 x 200 x 3000 mm	8
8 x 300 x 3000 mm	11

### HERA ROSHA

Size (mm) T x W x L	Weight (kg)
8 x 200 x 3000 / 4000 mm	7.5
8 x 300 x 3000 / 4000 mm	11.3

### HERA DEKO

Thickness	9 mm
Width	200, 300 mm (max)
Length	1200 mm (max)

### HERA FLOOR

HERA FLOOR is a thick and compressively strong cement board highly suitable to be used as interior floor surface panels.

Size (mm) T x W x L	Weight (kg)
15 x 1220 x 2440 mm	78.4
20 x 1220 x 2400 mm	104.7

Surface Finish: Smooth, Square Edge

## HERA INTERLOCK

HERA INTERLOCK can be installed as facades and sidings with perfectly smooth and beautiful lines. With HERA INTERLOCK, achieving great aesthetic finish for your walls is easy and efficient.

### HERA INTERLOCK SENEPA

Thickness	10 mm
Width	150, 200, 300 mm
Length	3000 mm

Texture : Smooth, Plain

### HERA INTERLOCK ROSHA

Thickness	10 mm
Width	150, 200, 300 mm
Length	3000 mm

Texture : Variable Grain

### HERA INTERLOCK MAHONI

Thickness	10 mm
Width	150, 200, 300 mm
Length	3000 mm

Texture : Straight Grain

HERA DECK MAHONI

HERA DECK LISO

## HERA DECK

HERA DECK is a versatile fiber cement board panel that is the best replacement for wooden deck panels. It can be installed for interior areas and efficiently on exterior areas with its high moisture that prevents insects and weathering.

Size (mm) T x W x L	Weight (kg)
20 x 200 x 2400 mm	16.4
20 x 300 x 2400 mm	24.6

Surface Finish: Smooth Straight Grain Pattern  
Smooth Plain

## HERA CLADDING

HERA CLAD is a resilient cement board used for external wall applications. Thickness options are designed to make it strong and resistant to weather. Smooth surface on both sides. HERA CLAD enables convenient and efficient paint applications.

Size (mm) T x W x L	Weight (kg)
9 x 1220 x 2440 mm	45.5
12 x 1220 x 2440 mm	62.6

Surface Finish: Smooth & Plain Square

HERA CLAD

## HERA DEKO

HERA DEKO cement board breaks boundaries in creating astonishing interior and exterior building facades. The wide range of design and size options elevates the aesthetic values of any building. With HERA DEKO, customized designs and sizes are limitless.

Thickness	6-20 mm
Width	1200 mm (max)
Length	2400 mm (max)

HERA DEKO

\* Customized dimensions & thickness options are available with conditions applied.
